Features

- High-gain 4G/LTE omnidirectional cellular antenna
- Fiberglass sheath for outdoor installation
- 5 dBi gain
- Includes a pole-mount bracket

Frequency Range
690-960/1710-2700 MHz

Gain
5 dBi

Input Power
10 W

Impedance
50 Ohm

Polarization
Linear

Dimensions
32 mm dia x 390 mm (excluding bracket assembly)

Connector
N-type, female

Environmental Rating
IP66

Sheath Material
Fiberglass

Mounting
Pole or wall

Original Instructions
16-Jan-26
