FAQ

Q

What types of cars are compatible with it?

A

It works with any car model that has an AUX audio port.

Q

What phones are compatible with it?

A

It is compatible with any phone that has a standard 3.5mm audio jack.

Q

Is it compatible with iPhone?

A

Yes, it can be used with iPhones up to the iPhone 6 and 6 Plus models, as they have a built-in 3.5mm audio jack. However, for iPhone 7 and 7 Plus models which do not have a 3.5mm audio jack, you will need a headphone adapter to use it.

Q

Why is the sound volume low when it's connected?

A

The volume level may depend on the settings of your phone, speaker, or car audio system. Try adjusting the volume on your device to increase the sound.
