

Qoltec Deep Cycle Gel Battery | 12V | 100Ah | 30.5kg

Product code: 53077

Qoltec Deep Gel brand battery designed for buffer operation, but can also be used for cyclic operation. Maintenance-free product, fully sealed, can work in any position.

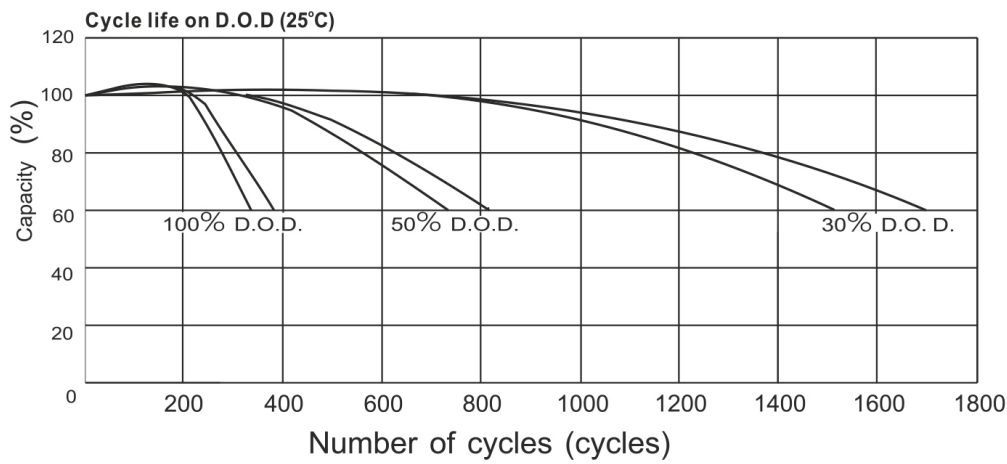

FULL GUARANTEE OF RELIABILITY

When you buy our battery you get a full guarantee of reliability. It works no matter what position you mount it in. In addition, it is characterized by high resistance to tilt and shock. You want your equipment to work at full speed without limits - now you can be sure that it will receive the necessary dose of energy for operation.

The housing is made of ABS plastic, the cells are made of copper.

MODERN DEEP CYCLE TECHNOLOGY

The battery designed according to the latest Deep Cycle technology , which allows the battery to be deeply discharged, before recharging.

The advantage of our batteries is that they are sealed, resistant to high temperatures, as well as various types of shocks. Equipment powered in this way will work faultlessly for a long time.

WIDE RANGE OF APPLICATIONS

Buffer applications, as emergency power supply: UPS, central heating furnaces, alarm systems, emergency lighting, medical equipment

Cyclic applications, as a stand-alone power source: Yachts, campers, golf carts, solar installations

CONFIDENCE CONFIRMED BY A WARRANTY

You care about the quality of the product you buy, so our designs and solutions are geared to meet your expectations. Each battery we offer is guaranteed for **24 months** from the date of purchase.
