

SINEC NMS Order data

Product (OSD) Subscription 1Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V3.0 Monitoring XS 1Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 100 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD.	6GK8781-1DC02-0AK1
SINEC NMS V3.0 Monitoring S 1Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 500 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD.	6GK8781-1TC02-0AK1
SINEC NMS V3.0 Monitoring M 1Y	Network management software for management of industrial networks incl. monitoring and diagnostics Functionality for up to 1000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD.	6GK8781-1UC02-0AK1
SINEC NMS V3.0 Monitoring L 1Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 3000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD.	6GK8781-1VC02-0AK1
SINEC NMS V3.0 Monitoring XL 1Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 10000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD.	6GK8781-1WC02-0AK1
SINEC NMS V3.0 Monitoring XXL 1Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 37500 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD.	6GK8781-1YC02-0AK1
Configuration		
SINEC NMS V3.0 Configuration XS 1Y	Expansion of network management software to include the functionality configuration for up to 100 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XS license.	6GK8781-1DC02-0AK2
SINEC NMS V3.0 Configuration S 1Y	Expansion of network management software to include the functionality configuration for up to 500 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid Monitoring S license.	6GK8781-1TC02-0AK2

SINEC NMS V3.0 Configuration M 1Y	Expansion of network management software to include the functionality configuration for up to 1000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid Monitoring M license.	6GK8781-1UC02-0AK2
SINEC NMS V3.0 Configuration L 1Y	Expansion of network management software to include the functionality configuration for up to 3000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid Monitoring L license.	6GK8781-1VC02-0AK2
SINEC NMS V3.0 Configuration XL 1Y	Expansion of network management software to include the functionality configuration for up to 10000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid Monitoring XL license.	6GK8781-1WC02-0AK2
SINEC NMS V3.0 Configuration XXL 1Y	Expansion of network management software to include the functionality configuration for up to 37500 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid Monitoring XXL license.	6GK8781-1YC02-0AK2
Product (OSD) 3Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V3.0 Monitoring XS 3Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 100 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD.	6GK8781-1DD02-0AK1
SINEC NMS V3.0 Monitoring S 3Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD.	6GK8781-1TD02-0AK1
SINEC NMS V3.0 Monitoring M 3Y	Network management software for management of industrial networks incl. monitoring and diagnostics Functionality for up to 1000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD.	6GK8781-1UD02-0AK1
SINEC NMS V3.0 Monitoring L 3Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 3000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD.	6GK8781-1VD02-0AK1

SINEC NMS V3.0 Monitoring XL 3Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 10000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD.	6GK8781-1WD02-0AK1
SINEC NMS V3.0 Monitoring XXL 3Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 37500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD.	6GK8781-1YD02-0AK1
Configuration		
SINEC NMS V3.0 Configuration XS 3Y	Expansion of network management software to include the functionality configuration for up to 100 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XS license.	6GK8781-1DD02-0AK2
SINEC NMS V3.0 Configuration S 3Y	Expansion of network management software to include the functionality configuration for up to 500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring S license.	6GK8781-1TD02-0AK2
SINEC NMS V3.0 Configuration M 3Y	Expansion of network management software to include the functionality configuration for up to 1000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring M license.	6GK8781-1UD02-0AK2
SINEC NMS V3.0 Configuration L 3Y	Expansion of network management software to include the functionality configuration for up to 3000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring L license.	6GK8781-1VD02-0AK2
SINEC NMS V3.0 Configuration XL 3Y	Extension of the network management software to include the functionality configuration for up to 10000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring XL license.	6GK8781-1WD02-0AK2
SINEC NMS V3.0 Configuration XXL 3Y	Expansion of network management software to include the functionality configuration for up to 37500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring XXL license.	6GK8781-1YD02-0AK2
Product (OSD) 5Y		

Product name	Functions	Article No.
Monitoring		
SINEC NMS V3.0 Monitoring XS 5Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 100 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD.	6GK8781-1DE02-0AK1
SINEC NMS V3.0 Monitoring S 5Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD.	6GK8781-1TE02-0AK1
SINEC NMS V3.0 Monitoring M 5Y	Network management software for management of industrial networks incl. monitoring and diagnostics Functionality for up to 1000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD.	6GK8781-1UE02-0AK1
SINEC NMS V3.0 Monitoring L 5Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 3000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD.	6GK8781-1VE02-0AK1
SINEC NMS V3.0 Monitoring XL 5Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 10000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD.	6GK8781-1WE02-0AK1
SINEC NMS V3.0 Monitoring XXL 5Y	Network management software for management of industrial networks incl. monitoring and diagnostics functionality for up to 37500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD.	6GK8781-1YE02-0AK1
Configuration		
SINEC NMS V3.0 Configuration XS 5Y	Expansion of network management software to include the functionality configuration for up to 100 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XS license.	6GK8781-1DE02-0AK2
SINEC NMS V3.0 Configuration S 5Y	Expansion of network management software to include the functionality configuration for up to 500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring S license.	6GK8781-1TE02-0AK2
SINEC NMS V3.0 Configuration M 5Y	Expansion of network management software to include the functionality configuration for up to 1000 IP devices.	6GK8781-1UE02-0AK2

	Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring M license.	
SINEC NMS V3.0 Configuration L 5Y	Expansion of network management software to include the functionality configuration for up to 3000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring L license.	6GK8781-1VE02-0AK2
SINEC NMS V3.0 Configuration XL 5Y	Expansion of network management software to include the functionality configuration for up to 10000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring XL license.	6GK8781-1WE02-0AK2
SINEC NMS V3.0 Configuration XXL 5Y	Expansion of network management software to include the functionality configuration for up to 37500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid Monitoring XXL license.	6GK8781-1YE02-0AK2
Upgrade (OSD) Subscription 1Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V2.0 Upgrade Monitoring XS 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 100 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5DC02-0AK1
SINEC NMS V2.0 Upgrade Monitoring S 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 500 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5TC02-0AK1
SINEC NMS V2.0 Upgrade Monitoring M 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 1,000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5UC02-0AK1

SINEC NMS V2.0 Upgrade Monitoring L 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 3,000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5VC02-0AK1
Configuration		
SINEC NMS V2.0 Upgrade Configuration XS 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 100 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring XS license. Siemens expressly recommends that you only use current product versions.	6GK8781-5DC02-0AK2
SINEC NMS V2.0 Upgrade Configuration S 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 500 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring S license. Siemens expressly recommends that you only use current product versions.	6GK8781-5TC02-0AK2
SINEC NMS V2.0 Upgrade Configuration M 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 1,000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring M license.	6GK8781-5UC02-0AK2
SINEC NMS V2.0 Upgrade Configuration L 1Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 3,000 IP devices. Subscription license, runtime 12 months with automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring M license.	6GK8781-5VC02-0AK2
Upgrade (OSD) 3Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V2.0 Upgrade Monitoring XS 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 100 IP devices. Temporary license, runtime 36 months without automatic	6GK8781-5DD02-0AK1

	extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	
SINEC NMS V2.0 Upgrade Monitoring S 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5TD02-0AK1
SINEC NMS V2.0 Upgrade Monitoring M 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 1,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5UD02-0AK1
SINEC NMS V2.0 Upgrade Monitoring L 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 3,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5VD02-0AK1
Configuration		
SINEC NMS V2.0 Upgrade Configuration XS 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 100 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring XS license. Siemens expressly recommends that you only use current product versions.	6GK8781-5DD02-0AK2
SINEC NMS V2.0 Upgrade Configuration S 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring S license. Siemens expressly recommends that you only use current product versions.	6GK8781-5TD02-0AK2
SINEC NMS V2.0 Upgrade Configuration M 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 1,000 IP	6GK8781-5UD02-0AK2

	devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring M license. Siemens expressly recommends that you only use current product versions.	
SINEC NMS V2.0 Upgrade Configuration L 3Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 3,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring L license. Siemens expressly recommends that you only use current product versions.	6GK8781-5VD02-0AK2
Upgrade (OSD) 5Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V2.0 Upgrade Monitoring XS 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 100 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5DE02-0AK1
SINEC NMS V2.0 Upgrade Monitoring S 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5TE02-0AK1
SINEC NMS V2.0 Upgrade Monitoring M 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 1,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5UE02-0AK1
SINEC NMS V2.0 Upgrade Monitoring L 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Monitoring. Network monitoring and diagnostics for up to 3,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Siemens expressly recommends that you only use current product versions.	6GK8781-5VE02-0AK1
Configuration		

SINEC NMS V2.0 Upgrade Configuration XS 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 100 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring XS license. Siemens expressly recommends that you only use current product versions.	6GK8781-5DE02-0AK2
SINEC NMS V2.0 Upgrade Configuration S 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring S license. Siemens expressly recommends that you only use current product versions.	6GK8781-5TE02-0AK2
SINEC NMS V2.0 Upgrade Configuration M 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 1,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring M license. Siemens expressly recommends that you only use current product versions.	6GK8781-5UE02-0AK2
SINEC NMS V2.0 Upgrade Configuration L 5Y	Upgrade for the migration of SINEC NMS V1.0, SINEMA Server or RUGGEDCOM NMS to SINEC NMS V2.0 Configuration. Network configuration for up to 3,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Upgrade Monitoring L license. Siemens expressly recommends that you only use current product versions.	6GK8781-5VE02-0AK2
Powerpack (OSD) 3Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V3.0 Powerpack Monitoring S 3Y	Powerpack license (XS–S) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XS license. Siemens expressly recommends that you only use current product versions.	6GK8781-7TD02-0AK1
SINEC NMS V3.0 Powerpack Monitoring M 3Y	Powerpack license (S-M) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 1,000 IP devices.	6GK8781-7UD02-0AK1

	Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring S license. Siemens expressly recommends that you only use current product versions.	
SINEC NMS V3.0 Powerpack Monitoring L 3Y	Powerpack license (M-L) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 3,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring M license. Siemens expressly recommends that you only use current product versions.	6GK8781-7VD02-0AK1
SINEC NMS V3.0 Powerpack Monitoring XL 3Y	Powerpack license (L-XL) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 10,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring L license. Siemens expressly recommends that you only use current product versions.	6GK8781-7WD02-0AK1
SINEC NMS V3.0 Powerpack Monitoring XXL 3Y	Powerpack license (XL-XXL) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 37,500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XL license. Siemens expressly recommends that you only use current product versions.	6GK8781-7YD02-0AK1
Configuration		
SINEC NMS V3.0 Powerpack Configuration S 3Y	Powerpack license (XS-S) for SINEC NMS V2.0 customers. Network configuration for up to 500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration XS license.	6GK8781-7TD02-0AK2
SINEC NMS V3.0 Powerpack Configuration M 3Y	Powerpack license (S-M) for SINEC NMS V2.0 customers. Network configuration for up to 1,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration S license.	6GK8781-7UD02-0AK2
SINEC NMS V3.0 Powerpack Configuration L 3Y	Powerpack license (M-L) for SINEC NMS V2.0 customers. Network configuration for up to 3,000 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration M license.	6GK8781-7VD02-0AK2
SINEC NMS V3.0 Powerpack Configuration XL 3Y	Powerpack license (L-XL) for SINEC NMS V2.0 customers. Network configuration for up to 10,000 IP devices. Temporary license, runtime 36 months without	6GK8781-7WD02-0AK2

	automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration L license.	
SINEC NMS V3.0 Powerpack Configuration XXL 3Y	Powerpack license (XL-XXL) for SINEC NMS V2.0 customers. Network configuration for up to 37,500 IP devices. Temporary license, runtime 36 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration XL license.	6GK8781-7YD02-0AK2
Powerpack (OSD) 5Y		
Product name	Functions	Article No.
Monitoring		
SINEC NMS V3.0 Powerpack Monitoring S 5Y	Powerpack license (XS–S) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XS license. Siemens expressly recommends that you only use current product versions.	6GK8781-7TE02-0AK1
SINEC NMS V3.0 Powerpack Monitoring M 5Y	Powerpack license (S-M) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 1,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring S license. Siemens expressly recommends that you only use current product versions.	6GK8781-7UE02-0AK1
SINEC NMS V3.0 Powerpack Monitoring L 5Y	Powerpack license (M-L) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 3,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring M license. Siemens expressly recommends that you only use current product versions.	6GK8781-7VE02-0AK1
SINEC NMS V3.0 Powerpack Monitoring XL 5Y	Powerpack license (L-XL) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 10,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring L license. Siemens expressly recommends that you only use current product versions.	6GK8781-7WE02-0AK1
SINEC NMS V3.0 Powerpack Monitoring XXL 5Y	Powerpack license (XL-XXL) for SINEC NMS V2.0 customers. Network monitoring and diagnostics for up to 37,500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Monitoring XL license. Siemens expressly	6GK8781-7YE02-0AK1

	recommends that you only use current product versions.	
Configuration		
SINEC NMS V3.0 Powerpack Configuration S 5Y	Powerpack license (XS-S) for SINEC NMS V2.0 customers. Network configuration for up to 500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration XS license.	6GK8781-7TE02-0AK2
SINEC NMS V3.0 Powerpack Configuration M 5Y	Powerpack license (S-M) for SINEC NMS V2.0 customers. Network configuration for up to 1,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration S license.	6GK8781-7UE02-0AK2
SINEC NMS V3.0 Powerpack Configuration L 5Y	Powerpack license (M-L) for SINEC NMS V2.0 customers. Network configuration for up to 3,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration M license.	6GK8781-7VE02-0AK2
SINEC NMS V3.0 Powerpack Configuration XL 5Y	Powerpack license (L-XL) for SINEC NMS V2.0 customers. Network configuration for up to 10,000 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration L license.	6GK8781-7WE02-0AK2
SINEC NMS V3.0 Powerpack Configuration XXL 5Y	Powerpack license (XL-XXL) for SINEC NMS V2.0 customers. Network configuration for up to 37,500 IP devices. Temporary license, runtime 60 months without automatic extension. Delivery via OSD. Requirement: valid SINEC NMS Configuration XL license.	6GK8781-7YE02-0AK2
Product (OSD) 1Y		
Product name	Functions	Article No.
Vulnerability Notification		
SINEC NMS V3.0 Vulnerability Notification	License for activation of the Vulnerability Notification functionality in SINEC NMS for monitoring of weak points of the Siemens network components. Temporary license, valid for 12 months. Delivery via OSD. Requirement: valid SINEC NMS Monitoring license.	6GK8781-1YC02-0AK3
